USER MANUAL

VAPORESSO VIBE

VAPORESSO

Thank you for choosing Vaporesso product. Please read this instruction carefully before use to ensure a perfect experience.
If there is any additional requirement about this product, please consult the local agent or contact us through our website: www.vaporesso.com

SPECIFICATION

Dimensions: 121.1x25x16mm
Battery Capacity: 1100mAh
Charging Current: DC 5V/1A, Type-C
Display: 0.54" OLED Screen
POD Capacity: 4.5ml/2ml(TPD)

FIGURE 1

FIGURE 2

ENGLISH

USE INSTRUCTIONS

1. Install & Replace the Pod(Refer to FIGURE 1)
Pull out the pod from the battery and install the new one.
*First time using the device, tear off the sticker from the POD.
2. Fill the E-liquid(Refer to FIGURE 2)
- Take out the POD from the battery and pull out the silicone plug gently from the side of the POD;
- Fill e-liquid through the refilling hole on the POD
- Put the silicone plug back in place firmly after filling is finished.
*First time filling e-liquid, wait 5 minutes for the coil to prime.
3. Mode Selection
There are two modes(POWER/ECO) for VIBE Series' selection.
Power Mode: Bigger Cloud, Looser airflow
Eco Mode: More Puffs, Tighter airflow
4. Start Vaping
Inhale through the mouthpiece and exhale to start vaping.
5. Check the Battery Level
Check the battery level by inserting the pod to light up the screen.
6. Charging
Please use a Type-C cable to charge the device. When charging, the screen will display the current battery.
7. Puff Clear
Flip the mode&airflow toggle up and down 3 times within 2 seconds to reset the puff counter.

PROTECTIONS

No.	Protections	Situation
1	USB Input Protection	The USB input voltage is too high.
2	Low Battery Protection	The battery drops too low.
3	No Load Protection	The device detects no cartridge on the battery.
4	Short-circuit Protection	The device detects a short circuit.
5	Overtime Protection	Constantly vape for more than 8 seconds.
6	Overheat Protection	The device detects an overheated PCBA.

CAUTIONS

1. Please turn off the device when it is not in use.
2. Do not leave the charging device unattended.
3. Do not drop, throw or abuse your device, which may cause damage.
4. Please use a standard USB output charger with proper charging current and voltage range.
5. Keep away from the water or any flammable gas, liquid.
6. Do not expose the device to direct sunlight, dust, moisture or mechanical shock.
7. Do not expose the device to extreme temperature.
(Recommended temperature range: -10~60℃ / 14~140 °F using and -10~45℃ / 14~113 °F while storing).
8. EEE Recycling: the product should not be treated as household waste, instead, it should be handed over to the applicable collection point for the recycling of electrical and electronic equipment.
9. Battery Recycling: the product battery should not be treated as household waste, instead, it should be handed over to the applicable used battery collection point for recycling.
10. Only have your device repaired by VAPORESSO. Do not attempt to repair it by yourself as damage or personal injury may occur.
11. Please keep the pins at the connection between the battery and the pod clean to ensure the best performance of the device.
12. If the product is taken on board an aircraft or encounters environments with significant changes in air pressure, it is advisable to store the pod and batteries separately, and avoid any liquid injection to prevent leakage and product damage.
